

Folk Art Bunny Pattern

You'll find the video and instructions for using this pattern at <https://www.UltimatePaperMache.com/folk-art-bunny>

The bunny shown above was made with [DAS Modeling Clay](#), but you could also use traditional paper mache strips and paste. My DIY paper mache clay or air dry clay recipes would also work. You can find all my recipes [here](#).

I purchased the wooden stand (called a "bun foot") at my local Lowe's store. If you don't have a home improvement store near you, they can be found on [amazon.com](https://www.amazon.com) in a huge array of shapes and sizes.

If you enjoy using this pattern, be sure to take a look at my other patterns for masks, sculptures and faux trophy mounts at: <https://www.ultimatepapermache.com/patterns>

Note: The bunny shown in my video was made using the Small bunny pattern on the next page.

If the sizes shown on this PDF won't work with the base you want to use, set your printer for a different size or take the PDF to your local printer, who will be able to do it for you.
